

FAVORITE CHARADES

Explain to the kids before they begin, that in your bag (bowl, hat, etc.) you have slips of paper with categories (or topics) on them. They will take turns pulling one paper from the bag and act out what is their favorite. The other kids will guess what they are acting out. You may wish to tell the crowd what the category is so that guessing is easier. When someone gets it right, it's the next person's turn (for younger kids you may have to read the category to them). Then give thanks for the variety of things God has placed in our lives.
